

For Immediate Release

TC Transcontinental Packaging at 2022 Pack Expo International Flexible Packaging Leader Showcasing Sustainable Solutions for Multiple Markets at Show

Chicago, Ill., Sept. 12, 2022 - TC Transcontinental Packaging, a leader in flexible packaging in North and Latin America, is exhibiting at the 2022 Pack Expo International in Chicago, Oct. 24-26, 2022. The company will highlight its commitment to sustainable packaging solutions for various markets including pet products, coffee and tea, meat and poultry, home and personal care and sustainability. TC Transcontinental Packaging's booth, LU-8703, is located at the Lakeside Upper Level.

The company is a leader in sustainable film development through investments in R&D technology and testing, recycling efforts, and the dedication of its people.

TC Transcontinental Packaging was recently recognized by the Pet Sustainability Coalition as a Top Performer 2022/2023 in the Earth Defender Category for its environmental focus in working towards Sustainable Development Goals for positive environmental impact.

At Pack Expo, the company will launch their theme, "*Especially for You*" to express their passion for flexible packaging, their commitment to their customers, and their drive to develop innovative sustainable products.

The following TC Transcontinental executives will be available for interviews at the show:

- Thomas Morin, President, TC Transcontinental Packaging
- Magali Depras, Chief Strategy and CSR Officer, TC Transcontinental
- Rebecca Casey, Senior Vice President, Marketing and Sales, TC Transcontinental Packaging
- Alex Hayden, Senior Vice President, R&D, Innovation and Sustainability, TC Transcontinental Packaging

"TC Transcontinental Packaging is committed to creating flexible packaging that is 100% recyclable, reusable, or compostable by 2025, partnering with leading brands in achieving their sustainability goals," said Thomas Morin, President TC Transcontinental Packaging. "Since its founding 45 years ago, TC Transcontinental has made sustainable development an integral part of its business. We are proud of our contributions to a healthier planet and are aligned with the UN Sustainable Development Goals to address climate change and to reduce environmental impacts."
